Customer Reviews

Need encouragement with a positive perspective on how God sees you? This book is filled with page after page of tips to helping you live your best life now. It offers Scriptures with Biblical

remedies for issues facing all of us at one time or another. Issues such as people pleasing, needing a breakthrough, exemplifying Christ, and turning the other cheek so to speak to name a few. In easy to digest short chapters it help me to see life's situations from an eternal perspective. I provided excerpts of what the reader can expect within these pages.~Overcome the need to please other people. It's not anyone's else's job to judge you or decide whether you deserve God's blessings.~Spend your time in prayer and meditation, not in contemplating evil for evilâ | Speak in love. Let it go. Walk away and pray.~ God wants you to know that you are always on the brink of a breakthrough moment. Every dilemma has an expiration dateâ | Whatever you are facing is just pitstop on the way to your destination.~ if you can be joyful regardless of what you possess, that you possess true wealth that can never be taken away.~ He will take what seems small and insignificant to you; shine His light on it and baffle everyone around you â " including the so-called professionals and experts.~ aim to be more Christlike, not to be perfect. Accept that you have flaws and know that God accepts you just the way you areâ | Remember your aim is progression not perfection.~ you may have been a chief sinner in your past, but when God chooses to use you, there will be no denying your God ordained purpose in the Kingdom. Towards the end Lynn Davis offers a bonus short read entitled How to Love Others When They are Hurting You. Davis offers other books that have encouraging, inspiring words to transform your heart and perspectives. Because of the guality presented in this book I give it a five star rating without hesitation.

Ok lve got most of Lynn's books in my kindl or in my book shelves so they are all around me!! This newest one is packed full of nuggets of gold!!!!! This is her best yet. I've struggled financially and physically the past year. Worst ever!!! Even afew days ago I had 4 cents in my checking account. Lynn Davis shares what God is doing because she's been there!!!! People who've been there know and those of us then know we will and must have faith that God is up to something!!! Something good. Please read her books...this one first and it's still free!!!! Hold on, trust God.....He loves you! Love you Lynn and in my heart I think this one's for me!! I need this everyday. He loves me!!!

A wealth of Biblical positivity. It is all about encouragement and doing it betterlt is a short but sweet read and well worth the price as well as your time.Highly recommended.The reviewer is a former Baptist minister and is the author of the Kindle book entitled:Sex Education for Adults Secrets To Amazing Sex and Happily Ever After Too

Only God-inspired knowledge through God-inspired living in her shared "Apple's of gold" could

produce authorship of spiritual wisdom in Anointed One Jesus and God-of Angel-Armies! Father answered my petition directing me to Lynn R Davis. I no longer feel alone in my own walk with Father! Praise God!

I am not a reader (but trying to be one) so I can't give out any answers nor comments that would qualify as a critic readers could. But I can freely and confidently say this book is a great read. Over few months period I get to finish the book with a satisfactory sigh. As a pastor, I'd recommend this book to my congregation who are going though some life's struggles. I wouldn't suggest this book to any legalistics who practice legalistism. In other words, I wouldn't suggest this book to any person with a legalistic mentality/beliefs because they tend to be the ones who wouldn't hesitate to pick up the stones of judgmental statements and throw it at such awesome grace filled authors, especially the author of this book. Again, it's a great read! I don't usually give out full stars or a 100% scoring points, I wouldn't be honest then. Just as how a scientifically made germ blasters work, it couldn't give out any 100% guarantee because you never know. So it could say 99.9% and that is a truthful answer. So I'm giving this sister of mine in Christ (the author of this book "–) a 99.9% scoring.God bless.

Well God has done it again, used Lynn Davis to encourage and inspire us with real life. Not only did God use her but you'll see the excitement she has jumping off the page's as she shares the truth in honest and spiritual words of wisdom. This book should be pocketbook size as the opinion of this reader, so in any spare moment of need of inspiration I'd like to have it handy.Do you know how God really feels about you?, really, if not you will and it is awesome and comforting to say the least. Does life always seem like things are not going your way, just maybe, try Lynn's advice and try to see it God's way. After all he's always got your back right, who but your Lord could ever love you more. Sometimes our view on things like prosperity is different then God's, you might just be a lot more wealthy then you realize. The road that your on may appear to be going the wrong way but trust and faith together in God will always get you where he wants you to be.An important thing about seeing things God's way for this reader is learning to always trust in my faith and have a grateful heart, God does answer prayers in his time not mine and my perfectionism is not my friend. I was given this book for an honest review and I can't get more honest than that. This book is truly a blessing it will encourage you to grow and inspire you to have that mustard seed of faith sometimes, when that's all we have.
