Customer Reviews

This is a nice daily devotional with submissions by all your favorite cast members of the show. Each day's entry has a Bible quote, a modern day comparison (or explanation), and a prayer. It is written at an adult level so my 8 year old son was lost. It is definitely "meat" not "milk".

Just received mine today. And couldn't wait to open it. I have been longing for this book to arrive. I am a very spiritual person but not 'religious'. I don't believe in denominations, just God and Jesus Christ. I feel this family understands that and this book helps me focus more on what I believe I need, this country needs more of today. I have tried many, many times to read the bible but can't seem to get through the whole part about who begot who begot who. I don't even know where to start, so this was the devotional I have been searching for, for a very long time. Others I have looked at didn't speak to my heart like this one does. Thank You so much!!

Bought this as a Christmas gift for my husband but after looking through it, I plan on reading it myself! If you like the Robertsons, you will love this devotional. In addition, each day's entry is short, sweet, and easy to read within a matter of minutes. It should be very easy to read this devotional daily and not fall behind. Each day contains a Bible verse, very short story, and a quick prayer from a member of the Robertson family. They do a very nice job making the scripture relevant to modern life, and if you are a fan of Duck Dynasty, you will enjoy reading the stories. Great devotional. Oh, and it is meant to read one page a day for an entire year. Love it!

I was surprised by the genuine reflections given by Duck Commander family members. The prologue was also very interesting with the short bio of everyone in the family. It is easy to see that this family is devoted to their walk with Jesus. I love forward to daily reading the scripture and the devotions by the Duck Commander family.

This was written by all the family members. It gives a bio of majority of the family at the beginning of the book. The devotions are not super in depth, but does come with a short bio and prayer by one of the family members. The book was a bit smaller than I expected.

It has a family history inside of all the members, great short daily devotionals. My husband loves this show, and read through the beginning of this book right away, then moved onto the Duck Commander Family book to do some more reading until his next devotional day tomorrow. I've never seen him read a book for so long before he discovered Duck Dynasty. He also went through Phil Robertson's "Legacy" book in just a few days - couldn't put it down. We are both college educated and professionals with country roots, and we really enjoy the show, the family, the faith and the message. Our 3 sons love the show as well, and we love having something they can watch that isn't trashy and needing to be turned off. We support this family - they love God and they love

people, and they have their priorities right, no matter how others criticize out of their own insecurities. 12 million viewers can't all be wrong. A&E, PLEASE don't take away wholesome entertainment like this - give us even more choices like D/D!!

One of the unexpected blessings, if you will, of the television reality show Duck Dynasty is exposure to the Word of God. Skeptics may doubt the earnestness of the Robertson clan's faith, but one thing they can't dismiss is their sure confidence and testimony. When THE DUCK COMMANDER DEVOTIONAL was announced, I thought it would be just another cash grab from television network A&E. And, it kind of is. But, let's set that aside and focus on what this book is actually accomplishing - people spending daily time reflecting on Biblical scripture and ways to improve their lives. And that's a good thing, right? No matter what your Christian affiliation, you'd have to agree with that, jack. lists this devotional as being written by Al Robertson, but the entire family contributes to the devotionals throughout. Each day's reflection starts with a Bible passage, then is followed by a personal Duck Dynasty-themed story, and then concludes in a prayer. Again - all good stuff, right? The stories are personal reflections that include the thoughts behind the daily verse(s) and sometimes includes additional verses to lookup. As for the stories themselves, expect more of what you see in the show. If you've read either Si's or Phil's book, you'll know what to expect. You won't get insight into who these people are when they aren't in front of the camera, but at least you'll know what is par for the course. The version I am reviewing is electronic, which is nice, but I would suppose the hardcover version to be superior; besides being a daily visual reminder, it would be the perfect edition to break out that ol' yellow highlighter. So, yes, A&E will be getting some more money off of this book, but if you devote yourself to daily reading, the results will pay off in dividends. Other devotionals may offer more content or a more focused message, but this is perfect for fans of the show coming back into reading their daily Word.

I love this book. I actually have bought this book and gifted it and then replaced it three times. The devotionals are written in such a simplistic style that even a child could understand them. I love the Robertson family, and find their devotion to spreading the Love of God to be one of the most inspirational forces on this earth. Thank you, Al, for a wonderful book. My family likes the fact that it is written in a style which makes it reusable from year to year. It is now on its third repetition in my home. God bless you and your ministry of service to Him. This book was a personal purchase and was not given to me as review.
