Customer Reviews

This is Ralph Epperson, the author and publisher of THE NEW WORLD ORDER. I own my own publishing company, called PUBLIUS PRESS, and I want to set the record straight: THE BOOK ... IS ... NOT ... out of print. I do not know why people are selling the book for exorbitant prices, but I am certainly aware that as of July 25, 2015, the BOOK IS STILL IN PRINT.

A. Ralph Epperson, brilliant author of "The Unseen Hand", has now outdone himself with "The New World Order". Frightening and provocative at the same time, this novel will cause the reader to spend many sleepless nights wondering "what is it all about?". Packed with details and undaunted research that only a true historian can accomplish, Epperson challenges the reader to turn the page only to reveal another startling revelation. From cover to cover, this is a book that will invoke controversy, debate, and unfortunately, FEAR. To quote the character of Fox Mulder from the "X-Files": "The TRUTH is out there...for those who have the time to read." "The New World Order" is one of the best books I've come across this decade which I highly recommend!!

As we look into society today we see that the mass is much asleep. This book should help to open

the eyes of the foolish, yet most won't be awoken until their being dragged down as slaves; even still, some will believe it's for their own good. Great book; if you want to see what's really going on, I'm inf11b38 on youtube. I have 7 years of U.S. Army Infantry experiences and have been deployed to Iraq 3 times in the past 5 years; I'm not the most knowledgeable, but I do know a lot. Thanks

A. Ralph Epperson is more responsible than some other New World Order authors in his writing of this book. All sources are documented well and quoted directly in the text of his book. Epperson's research of his subject matter is thorough and leaves few questions as to the validity of the information. However, in this can't-put-it-down reading treasure, there is much Christian bias which limits the universal acceptance of the author's point of view. He also makes some assertions based on the quoted material that are difficult for the reader to agree with based on his(reader's) own assessment of the quote. Still, an excellent introduction to the harsh realities of the New World Order, who is involved and the nature of its participants. I highly recommend it to "Wake Up" the minds of the ignorant masses or "goyim" of America.

Ralph Epperson has done it again. My first experience with this author was when I read his book "The Unseen Hand," which itself is a WONDERFULLY INFORMATIVE work. In UH, Mr Epperson introduces the reader to the CONSPIRATORIAL VIEW of history (as opposed to the ACCIDENTAL VIEW of history--see the book for details). Once again Mr Epperson has put together a WELL DOCUMENTED and EASILY READ and UNDERSTOOD book in his more recent "NEW WORLD ORDER," in which he introduces the reader to AMERICA'S SECRET DESTINY. Mr Epperson does a WONDERFUL job documenting his positions and showing how the SYMBOLISM that is all around us, on our money, corporate logos, governmental and international organizations GIVES AWAY THEIR SECRET AGENDA! If you are into THE OCCULT, THE SECRET HISTORY OF AMERICA, FREEMASONRY, CONSPIRACY THEORY or anything related to these ideas then Ralph Epperson's "NEW WORLD ORDER" is a MUST READ FOR YOU. KUDOS to Mr Epperson for having the courage to stand up to this conspiracy and make it known to all who wish to learn. This is a man who clearly has no agenda other than trying to educate those who are unable to see what is really going on around them. Once you read his books, "The Unseen Hand", "New World Order", "Masonry Against Christianity", you will not only BELIEVE there is a CONSPIRACY and a SECRET DESTINY for AMERICA and ALL OF THE WORLD, you will SEE IT FOR YOURSELF!

I applaud the author and his wealth of research presented here I would recommend this work for

anyone,, however it does have flaws. There is a clear Christian bias(the christian religion and jesus christ are not the same thing however ,one is divine and one is manmade) that taints things, as the author does not recognize how organized religion(including his own) are a major part of the arsenal of mind control he so rails against. He rails against new age movements but clearly doesnt have a clear understanding of them. There is nothing new about the new age these are actually some very ancient ideas that have been around before the birth of christ and many are actually endorsed by christ. I personally am not overly worried about marginal characters like shirley mcclaine,alice bailey, or madam blavatsky as famous as they may be. These people come and go all the time and are a mixed bag.Many of the predicted dates for happenings here clearly havent happened and may never. Nevertheless the author does call attention to a clear threat against moral civilization that needs to be dealt with sooner than later. He does expose some information i was not aware of with some masonic texts but doesnt follow the trail all the way back to the source, if you want the whole story study some john lamb lash or david icke. This work is worth a good read ,however i just found the authors conclusions where not always unbiased and on point but make your own decisionsS.P.H.
