Customer Reviews

I bought this book because I loved Ms. Fyffe's 'When the Wind Blows'. I was hoping for another keeper. Sadly, this wasn't so. The positive side of this story was our hero, Luke McCutcheon, and the unusual beginning to this historical western. Who wouldn't fall in love with a male in the 1800's who would help deliver a child from someone he just met, literally....in a darkened covered wagon....in the pouring rain? On the run, our heroine Faith has started her labor early. -Writing about ladies giving birth in romances is done sometimes and usually the event is glossed over. Ms. Fyffe does a good job in making it appear as realistically as possible. - A stepson in tow, Faith is determined to make a new life. Her deceased husband was abusive and there is an element of mystery as to how he died. The husband's brother is determined to marry Faith and bring her back to the fold. I was flustered because Faith was too naive and mistrusting. Luke was kind and helping. He never gave her any reason to think otherwise. He had his own personal demons but his family was wonderful- Yeah! Two parents and siblings who actually get along with one another. - Of course, Luke and Faith were both good-looking and that was mentioned a little too often for my taste. I enjoy when one or both lead characters doesn't look so perfect. There is some gentle humor that is another plus but the story ran about 25-50 pages too long because Faith continually didn't think how keeping her secrets hidden would have some terrible repercussions. The reader is told that her father distanced himself from her while she was growing up and she had no siblings to influence her BUT she did have friends who treated her well and showed her that there are people who are good.

Have you ever wished you could go back in time? Back to when things were simpler and the work was rewarding? A place where you worked hard with your hands and felt the gratification when your hard work paid off? I do almost everyday, which is why I love to read novels about Pioneers, the struggles they faced and the happiness they felt when their spirit allowed them to carve out their life in a foreign and empty land. Caroline Fyffe did a terrific job of capturing the Pioneer spirit in Montana Dawn. It takes an amazingly talented author to pick a reader up and then set them down in the 1800s. She did just that. From page one, I was captured and fascinated. Not once during the entire

story did my attention wander or my interest flag. I truly can't say enough about how great this novel was! In Montana Dawn, Faith Brown is in a terrible situation. She is stuck in the wilderness, in a buggy with no horses and with her eight year old son, Colton. She is also about to give birth to a baby!! Luke McCutcheon is scouring the area looking for the rest of his riding party when he hears a strange sound. At first he thinks it may have been an injured animal but he immediately pushes that idea away. The noise sounds like no animal he's ever heard. Following the wails, he comes upon Faith's stranded buggy and decides to see if there may be someone in need of help. He has no idea of what he is about to walk into. This story is written wonderfully, I can't give it enough praise. Mrs. Fyffe is an exquisite story teller. Montana Dawn is packed with lovable characters...and some not so lovable ones also. Each character is well rounded and never seems fake, flat or boring. Another thing I loved about this novel was that Mrs. Fyffe wrote it wonderfully without one sex scene.
