Forsaken (Fallon Sisters Trilogy Book 3)

Synopsis

Multi-award Winning Romantic Suspense Sister Trilogy
The Fallon Sisters Trilogy
Three sisters. A trifecta of trouble for three men. And one road that leads home. *Forsaken* is a striking end to P. J. O'Dwyer's Fallon Sisters Trilogy, a provocative, well-crafted romantic suspense series that's dark, dangerous, and addictive. "USA Today On her own since the age of sixteen, after the death of her dear ma, Irish barmaid and racetrack groom Dani Flynn works three jobs to stay afloat. Only it's the third one—the one along the docks after midnight—that just might find her at the bottom of the Irish Sea. Running for her life with a thumb drive that could bring down all of Parliament, Dani does the sensible thing. She hops a freighter, destination unknown, and spends a week on the high seas. Curse or Divine intervention, Dani can't decide which when she finds herself docked in the U.S. penniless, illegal, and within two hundred miles of a farm called Grace. Swallowing her pride and twenty-six years of resentment, she makes her way to the one man she swore she'd never have anything to do with—her da. Handcuffed, frisked, and charged with assaulting a police officer isn't casting her in a warm glow of endearment nor keeping her illegal status under wraps. But when a little scrap of paper called a birth certificate proves her claim, she's met with open arms and even finds a home away from home at a Thoroughbred training center. Except it's not her family's blessing she needs. Nor a maddening attraction to the one hell-bent on sending her home—the cop she sunk her teeth into while trying to escape. The sparkling shores of freedom may not be enough to keep her past from catching up with her. Especially since blending in and keeping a low profile proves difficult when Mr. Law and Order, in the form of a gorgeous American sheriff, is doing his best to unearth her past. Kevin Bendix never came out on top as a kid against the Fallon sisters. As the Sheriff of Washington County, it's not as simple as taking his licks and calling it a day, especially now that there are three. Win or lose, he'll uphold the law and defer to his training. He'll get to the truth. It's his job. But in the end, he could lose more than his quiet way of life. It's not only his heart she'll steal. Loving this woman could cost them both their lives. See why this winning trilogy received award after award!

Customer Reviews

Couldnt put this book down. Dani accidentally forced out of her homeland to the her absentee fathers country is arrested by the county sheriff. Fear, love , mystery and murder in both countries need to be resolved can Dani trust the sheriff enough to trust him with the truth.

I would probably give the first two books in the trilogy a 4+ and this one a 4- but it was still another good story to finish the trilogy. At first, I thought I wasn't going to like it much, but it grew on me. I did like the other two better, I think I was less thrilled with this one because Dani was just 26 years old (nearly 27) and Kevin was 39, and they just didn't seem to have that much in common so it just didn't seem quite believable to me. But it was a good story and I would definitely buy another if it existed.

I love this author's writing. Every story has a twist. Just when you think you know which way the story will go you find out you're wrong. This final Fallon sister story is just as convoluted as the previous two. I have to admit I wanted to knock Kevin up the side of his head. The things he

believed about Dani when he knew the truth. Want to know what this means? Read the book.

I finished the book, so I suppose I should give it more than one star, but I can't say that I especially liked it. I couldn't understand why or how the main characters got together -- there was no building up a connection between them at all, they met, they fought and all of a sudden they're in love. Rather annoying. The rest of the plot was pretty predictable and trite. Overall the book was, in my opinion, mediocre.

Forsaken carries us on a journey from the outskirts of Rosslare, Ireland, to a small horse farm in Washington County, Maryland, where Dani Flynn discovers a new place to call home and where she hopes to bury the terrifying secret that haunts her from across the pond. Just as she settles into her new life, however, the secret catches up with her in a horrifying vengeance -- enough suspense to keep me rooted to my chair and pass on dinner. Meanwhile, the righteous Sheriff Bendix can't decide if he is madly in love with Dani or just plain mad at her for unsettling his perfectly peaceful county -- not that the Fallon sisters didn't create havoc for him in the previous two Fallon Sisters books. Does he send her back to Ireland? Makes you want to knock the Stetson right off his head. Enjoyed this one thoroughly!

I only finished this because it was the last of this trilogy. I liked the h but the H was a boob. He was irritating in the first two books though I was hoping he would show some depth in his own story. The last book in the trilogy was a big disappointment.

Author is a fantastic writer. Stories are full of suspense, romance, and action. Pick up one to read and not want to put down to the end.

I've read all books in this series and they didn't disappoint. I recommend this book to anyone looking for a great read!
