Customer Reviews

I got this for a Christmas present for my daughter (for this upcoming Christmas) so she hasn't seen it yet but from what I can see about it, she will love it! You can track all your events and progress in it!

I like the concept of the journal, but not really the way it is organized. I found myself copying and enlarging the pages and putting them in a binder so I could organize it in a way that makes more

sense for my daughter.

Love the meet journal. I bought it so I can track the girls progression from year to year at the meets that they go to and the team as well, it's also great memories to look back how little they were to grow to these unbelievable athletes.....The quality of the book, I'm very happy with. They are strong and durable. They can hold up to a four hour meet and still look like the day I bought it. I give this journal 5 stars. Easy to keep track while your watching the competition.....

I bought it for my six year old level 3 gymnast. An easy way to keep track of scores and meet info. Certain sections are a little over her head. One suggestion would be to have a section for info- such as restaurants and hotels in the area to write notes for future meets in the area. She loves it and it is nice to track her scores
