After the Magnificent Seven's wonderful performance at the '96 Olympic Games, I decided to read this book to find out more about these talented young women. I thought it was terrific! There are biographies of each of the seven members along with really cool pictures. This book was awesome. These seven are really magnificent and it shows!

This book is what really got me interested in gymnastics. I had gotten introduced to gymnastics through a book about Mary Lou Retton I had picked up at a thrift store, but I didn't become too interested until I saw a picture of Kim Zmeskal in an Encyclopedia Annual. I looked her up on the Internet, and the rest they say is history. Through the Internet I discovered the Magnificent Seven, and I found this book at our library. I couldn't have been more satisfied! The Magnificent Seven was a team of US girls that consisted of Amanda Borden, Amy Chow, Jaycie Phelps, Shannon Miller, Dominique Dawes, Dominique Moceanu and Kerri Strug. These talented gymnasts won the very first Olympic Gold team medal in US. Gymnastic history. This book has very informative biographies about each girl, complete with full color photos. It is very well written, and I would recommend it to

anyone who wants to learn more about the Magnificent Seven, or just want to see some great pictures about them.

Did I mention- no weekends off!!! This is what elite gymnast must go through if they want to make it to the top. Which is exactly what these seven women did.
