Catamaran Living: Food, Shelter And Security Advice For Living On A Sailboat

Synopsis

Thinking about living on a sailboat? Knowing how to sail a catamaran boat is not enough to ensure a healthy and comfortable lifestyle on it. This book includes tips and advice about food, shelter and security when living on a catamaran. It is meant to be a quick read that will get you thinking about the things you need to take into account before moving on board.

Customer Reviews

This isn't really worth even the low price paid. Nothing elaborates on catamarans in particular; just general things about living aboard which would apply to any boat. And an intelligent Google search would get you pretty much everything this book has to offer. Money better spent? Get Gavin leSueur's books....

Do you have plans on living on a catamaran boat? If so, then you better read this book first. This will provide you with the necessary list of things which you needed to prepare before going on-board. You will definitely find this guide very informative and will help you in gaining a full understanding about the â œcatâ •. Overall, this is a great guidebook to have for those who would like to try living

on a sailboat.

What a ripoff. Not much money but a total waste of fifteen minutes. Too general "you need food and water" . Not what I was looking for.

There are some common sense items, and some new ideas. I Liked the book. If you are going to live on a cat, I recommend it.

I liked this book I am thinking of moving to a cat this book has encouraged me to move forward
