Chaos: I Bring The Fire Part III (A Loki Story)

Synopsis

~ Part of the USA Today Bestselling Series ~The noose around Loki's neck is tightening. In this final installment of the Cera story arc, Gerðr, the frost giantess, wants him dead; Cera, the World Seed, wants his head "literally and figuratively; the FBI wants him in Guantanamo; and an old friend from Asgard wants to bring him home...whether Loki likes it or not. Things can't get any worse, but when Loki's involved, it's certain they will. In the third chapter of I Bring the Fire, humanity's demons are unleashed on the Nine Realms and Amy Lewis and Steve Rogers get front row seats. Chaos might be their only hope.

Customer Reviews

This series would make no sense whatsoever if not read in proper order :) The first book is I Bring the Fire Part I : Wolves (A Loki Story) . The second book is Monsters : I Bring the Fire Part II (A Loki Story) . This is the third book and the completion of this particular story arc. This series is one of my

favorites! It is full of action and adventure all laced with Magick and held together by fantasy :) World hopping seems like a lot of fun and I wish I could do it! The dark humor really sets Loki's personality at the core of this series making me feel like I am right there with them throughout their wild chaotic adventures. Amy truly is the foil to Loki's darker nature making her his true mate (whether they realize it or not) and she steers him from his worst impulses to get him to do the right thing. With her he can be the hero he has always wanted to be. This story picks up where the last one ended making it a seamless transition. Jameson is still completely clueless to the fact that Loki is a God (he thinks Loki is just some low rent alien invading earth and the enemy of mankind) and therefore beyond his control or his reach. Steve counsels it is a bad idea to try and arrest Loki but Jameson ignores him and all sorts of mayhem ensues. Never try to trick a Trickster! It shortens your shelf life immensely :) I would recommend this book to anyone who reads urban fantasy or paranormal. Sci-fi readers will also enjoy it.

Chaos: I Bring the Fire part III is a tragically fast read but then again when the story is excellent it always seems that way. My favorite thing about this novel and the rest of the series are the characters. Ms. Gockel has created a set of characters that are dynamic and lovable. I read these novels because I truly care about what happens to these characters. The heroine, Amy, is an admirable and refreshing character. In a world filled with whiny, finicky, and indecisive heroines, Amy stands out as an intelligent person who actually lives up to the job of a HEROine without becoming the stereotypical action heroine or damsel in distress. Loki is not the stereotypical charming rogue that seduces girls and becomes the reluctant or unwitting hero. He is a well rounded character that has incredible depth and emotions. He has an actual history that has a definite impact on the character we see in the novel. Something that really impresses me about Gockel's Loki is the fact that even after three novels he still retains an air of mystery, which I suppose lives up to his chaotic and unpredictable nature. The supporting cast of characters are equally well written. Thor, Steve Rogers (not Captain America), Beatrice, etc help move the story along without leaving a cluttered feeling. Also Thor is freaking hilarious and I love the fact that Ms. Gockel has borrowed some names from the popular Marvel movies and comics. The second thing that I truly love about this story is the complexity. Gockel weaves more than just Norse mythology into Chaos. She touches on Hindu and threads science into the story to enrich it. Even though this is the third book in the series it kept me guessing about what was going to happen.
