Customer Reviews

This was the conclusion of Grayson and Gigi story. I love vampire stories but when it goes to the demon aspect of it especially when you're talking about the depths of hell it kinda freak me out. I thought it was going to be some type of battle because of what went on in the last book. I felt as if a lot of questions were unanswered., the story was just too short. I gave it a three stars because I like Grayson and Gigi character only wished it was more of them.

I love the final to Relentless Grayson and GiGi had a bond so profound that I doubt anyone could come between. This book took us back so that we could understand how Grayson and Gigi was a cursed blood and crimson blood. We also get to see who is Grayson and Gigi father's and how they are connected. I enjoy the history lesson and how Frannie fits into this as well. I am definitely looking forward to the Lei Cheng story and others. Great ending to Relentless but I wonder if there's more to come.

I'm not really a fan of paranormal. I just thought I'd give it a try because of the author. It turns out this is her first venture in the genre. It's an interesting read with an interesting story line with some unexpected plot lines, but I love everything she's written.

Grayson and Gigi's story continues with them embracing their future together, showing their true forms, learning that things aren't always as they seem, and working on the new generation. Great continuation and would enjoy seeing a part three to this series.

I like book one but book two was better, that's were all the plotting took place fore the most part but the second book cleared all the plots from the first book. You need to read both books to get the full effect of the story line.

It was a good follow up. Although I got a little confused following the blood lines, I still want to know more about Crissan and Keberos storyline. I can't wait for the continuations of the side story lines. Again loved the sequel.

I absolutely loved book one and couldn't wait for book two. I was really excited to read book two and it was extremely disappointing. The plot was unclear I had to reread sections. The demonic spin she took on it was disturbing. I wanted to read about vampires not demons from hell ^ the book ended at 73% the epilogue was a joke !

I loved the speed of the story and the storyline stayed on track. Once I started reading I only stopped to get the grands ready for school. This is a must read. Great job, my hat goes off to you my Lady!!!!!!
