The Void Weaver: An Ashwood Urban Fantasy Novel (Half-Lich Book 2)

Synopsis

ON SALE FOR 24 HOURS ONLY! Alice has lost her powers and her nemesis is getting stronger, but it's hunt or be hunted. Alice is in hiding. Holed up in a magically-protected house without her main weapon, the supernatural bounty hunter wants nothing more than to hunt Nyx down before she becomes prey herself. But her enemy is in hiding too, and if Alice is to find her she'll have to get past the dangerous Pain Children first. When Alice learns that Isaac Moreau remains in Magistrate custody, she has no choice but to follow Nyx's trail without backup and without her powers. Her only chance at defeating Nyx may lie in Isaac's attempt to learn the dark, deadly secret of the Void, but his failure could get them all killed in the process. The Void Weaver is the second book in the Half-Lich series, a set of Urban Fantasy Paranormal Thrillers. If you like intriguing characters, supernatural monsters, and sizzling chemistry, then you'll love Dignam and Martinez's next thrilling installment that draws comparisons to Ella Summers, Ilona Andrews, and Patricia Briggs! What are readers saying about the Half-Lich series: "This is Urban Fantasy at its best." "Paranormal how it's supposed to be done; it seems to me like the 'mature' ideal to which all paranormal books aspire, not only in meticulous editing but in content as well." "This is not your cookie cutter story line. Fresh and New Urban Fantasy that will get you hooked instantly." Buy your copy today and get ready for the next rush!

Customer Reviews

I loved the Ashwood Chronicles first book & I loved this one as well. I read it in one day, was almost sad when it was done. But I like the idea that through The Void, a whole new world can be created alongside that of which we are introduced in the crazy reality that is Ashwood. Isaac and Alice have unfinished business and the introduction of Cameron is quite interesting. He's a hot piece of catnip, isn't he? I'm quietly awaiting Halloween for the next release. I hate waiting... but my pre-order is out there, just ready to drop! I'm killing off my reading list one by one as it seems there is so much to eat up in the paranormal fantasy genre these days. This author has turned me toward some really creative writers that I really like & am tearing through their books as well. But there are no books that stand out like The Ashwood Chronicles. I'll give Kat & Lee that designation for sure. It's a whole new creative world they've built where anything can happen... even with a simple, old Polaroid camera. Bring it on, Ashwood!

The writing duo of Dignam and Martinez is spectacular. In this latest instalment of An Ashwood Novel, The Void Weaver. This is a wonderful continuation that picks up a week after Dark Siren ended. New characters are introduced and everyone has their own place and fit beautifully into the plot of this book. Alice finds herself in an odd predicament and missing her trustee side kick Trapper. Alice wonders Amazing!!! will be able to continue to do her life's work without the help of Trapper, what other "talents" does Alice really have? Then what about Isaac and the "friend" (Cameron) he has sent to help Alice. Can she trust him or does she really have a choice now that she doesn't have Trapper to help her. But with Nyx out there praying on the innocent help is what Alice will be needing. I love the strength of all these character's and there is a ton of new content in this book. Alice is one bad ass women. I really wish I could give this book more than five stars. Who knew magic could be so deadly, sexy, fun and hot to read. AAMAZING!!!

The writing in Part Two is clear and concise and the storyline is consistent throughout. The plot might seem predictable at first glance, but something happens that makes one sit up and think 'oh that's new', which sparks further interest. I like this world that the authors have created. There is so much happening and yet tidbits that we learnt in part one are explained in more depth in this story of

The Void Weaver. This aids the development of the characters and I find myself growing further attached to them. We also meet two new supporting characters: Cameron & Jim. They are both so likeable and intense that the injection of their characters makes the dynamics of the story so full. Such a well crafted story. I am so looking forward to the final in this trilogy.

The Void Weaver is the second novel in the Half-Lich Trilogy. I'm crazy about the main characters since book one. The relationship development between the original two and two new characters in The Void Weaver was really well done. Superb flow from book one to book two. The verbal imagery from these authors really pulls you into each scene. I could see, taste, smell everything that was written. Powerful use of metaphors that were completely original. Best Urban-Fantasy Writing Team Ever.

Following Alice and Isaac with much interest and I am VERY curious about Cameron. I cannot wait for the next edition and hopefully whatever unfolds about him. Intriguing world building, a different perspective on magic and the world surrounding it. Great characters. This series is on my radar !

The Void Weaver is another great urban fantasy book by the amazing husband & wife team of Lee Dignam & Katerina Martinez. As book 2 in the Half-Lich series it doesn't disappoint. The action in this book surpasses the first one and we get introduced to some great new characters. I can't wait for book 3!

I am loving the tales of Ashwood if Mages and not quite Mages are your thing I can't recommend the antics of Alice and Isaac enough. This is the second book in the series and it seems to just be picking up steam. Definitely give it a read!

Interesting new series. This is the second book and it was better than the first. The author has done a good job of fleshing out the characters from book one and adding new and fun ones as well. She has also continued fleshing out her urban fantasy world. A fun read.
