Customer Reviews

The eagerly awaited A Shade of Vampire Book 5 is here, titled A Blaze Of Sun. I was thrilled to be asked to review an Arc copy of the book, yes I felt like I was holding gold dust. We all know how amazingly stunning these books are and this one is no different. So just to clarify guys, I don't do spoilers and this book is THAT AMAZING I am having to sticky tape my mouth so I don't give it away, because you really, really, really need to READ this book.Ok, so what can I tell you..... Derek and Sofia are as much in love as they always are and talking of getting married. Aiden is still held in the cells. Sofia is in charge of the catacombs, trying to organise the humans into helping protect the shade against the upcoming war. In the beginning Sofia and Derek don't spend a lot of time together, there's always something to keep busy with. There are forces working to separate Sofia and Derek - will they succeed? Then war breaks out - the shade is in danger......Ok guys I know, but I CANT tell you anymore than that I don't want to spoil it for you. Like the others A Blaze Of Sun had me on the edge of my seat I couldn't put it down, I think at one stage I maybe could of growled, for getting disturbed. The look alone could of turned someone into stone. The danger with a series of books is that after the first or second your attention will start to fade or the series could of been wrapped up at 3, Bella Forrest is Super talented, this book is just as amazing as A Shade of Vampire.**This Is your Warning - once you have the book in your possession, you need to come up with an excuse to lock your self away, take supplies with you- wine/coffee/snacks. Be prepared to lose a few hours. And most importantly a huge DO-NOT DISTURB sign.
