On The Prowl (Bad Things Book 2)

Synopsis

Time to embrace your inner evil. Rose Kinley never intended to be one of the most feared creatures to walk the earth. Once upon a time, she was a human--one who fell in love with a mysterious stranger. But when she got caught in a paranormal war, she lost her humanity and died...only to wake later as a vampire. Now Rose has a choice. She can continue to try and be the good girl she once was or she can let her darkness out to play. Maybe it's finally time for her to step into the dark. He's the reason she's undead. Panther shifter Julian Craig has a mission--protect Rose at all costs. It's his fault that she lost her human life, and he literally made a deal with the devil so that she would have a second chance as a vampire. And as part of that deal, he's supposed to keep his hands off Rose. An impossible task considering the dangerous lust he feels for her. When Rose is targeted by a paranormal collector, Julian knows that he will have to let his own beast out if he is to protect the only woman who ever touched his battered soul. Rose may be afraid of the darkness she carries, but Julian is more than ready to show the world just what kind of a monster he truly is. Julian isn't afraid of the dark...but the monsters that wait in the shadows? They will bow to him. He'll show her just how good it can feel...to be bad.

Customer Reviews

... But not in a good way. Despite the fact that we learn a wee bit about Rose and Julian's relationship in Devil in Disguise, since that is not their book, it was never fully explored. The problem is that it's not explored in this book either. We are told that they enjoy a two month courtship, but we don't see it. En media res is fine for action stories, but romance novels need build up of chemistry between characters--even if it's love and passion at first sight. The book simply tries to do too much in too few pages. It saddens me not to give a rave review to a work by Cynthia Eden, and I will read book three in the series in hopes that it will do for Rayce and Lila what the first book did for Mina and Luke... and for their fans.

On The Prowl is book two in the Bad Things series and is Julian and Rose's story. I absolutely loved the first book and I was worried that Julian's story wouldn't be able to compare with Luke and Mina's. I never should have doubted Cynthia Eden. This book was just as good! I loved every minute of it! You can read this book as a standalone but why would you? Start with book one first. You've got all the main characters, except Mina, from book one in book two. If you haven't read book one yet, this story is about twin brothers, one who rules the light and one who rules the dark. You'd think you would be rooting for the team of light but things aren't as they seem. The author has revealed who the first four books will be about and she is focusing on a member of the dark for each book yet it seems she is also pairing each with one from light. In both books, you'll find that the supposed monsters actually have honor and can feel love. I have my theories on where this series is headed and I can not wait for the rest of the books to publish. I'm loving Cynthia Edens imagination and I can't wait to read what she comes up with next! ARC provided by NetGalley in exchange for an honest review.

~ Book provided by NetGalley in exchange for my honest opinion Lately I've been having some bad luck with second books in a series, so I was wary if it would happen again, but I didn't need to worry. It's Cynthia Eden were talking about. She can't write bad paranormal romance books ;) I gave the previous book, Devil In Disguise, 4 stars, which in my opinion is a really good rating, so imagine my surprise that I liked On The Prowl still a teeny tiny bit more, why I will explain in the following review. While I liked the story of Devil in Diguise I wasn't all convinced by the characters, Luke and Mina. With On The Prowl it was different. I already liked Julian when he was just a side character and Rose was pretty bad-ass and had her own mind. Together those two characters worked well. Their relationship had chemistry and I really liked how you could see the trust and love growing

between them. Another reason - aside from the characters - that made me like *On The Prowl* more was that I'm a huge sucker for vampires and shifters and in this book we got both, so I was pretty happy. The overall story of the book was interesting and had me hooked to the last page. I have no complaints when it comes to Cynthia Eden's writing style. Like always she captured me right from the start and I basically flew through the pages. Hell, I've read like 40 books of her. I should like her writing style, don't you think? ;) I can't wait to see what will happen in the next book, called *Broken Angel*. It will release in December and will feature Rayce. Why is December still so far away? Rating: 4,25 stars

There are monsters out there and Rose knows this to be true because she's one of them! Rose was human and falling in love with Julian but he had kept secrets from her and whilst trying to run from him Rose was shot in the back, died and then somehow made into a vampire! She's been running ever since but now she's running from a secret group that experiment on the monsters but who should she meet? You've guessed it Julian, were panther and paranormal executioner! Julian isn't the usual chest beating alpha but he is very protective of Rose and always puts her above himself. The bargains he has made and everything he is willing to do for Rose is heartbreaking at times. Yes he feels she is 'his' but I had to wonder why? Rose is so out of her depth in the darker world she has awoken to. Still thinking like a weak human when in fact Rose is now a strong paranormal and no longer prey. This author writes pulse pounding exciting paranormal romance that constantly surprises this reader. Her work is imaginative and never predictable. Characters that are larger than life, sexy and yet there's always humour to be found. I thought her *Purgatory* series was good (and it really was!) but the *Bad Things* series started with a bang and is still going at full tilt. What really sets this series apart are the amazing creatures that the author is bringing to glorious life. I'm hoping next up is Rayce, the irreverent and oh so funny werewolf as it would be nice to see him knocked for six but whatever this author writes I know I will be clamouring to read it!! I was gifted a copy from Netgalley in exchange for an honest review Four and a half from me
