## Synopsis

Epic fantasy and dark sword and sorcery in this complete trilogy of books spanning a hidden refuge for all magical beings to the battlefields of the south and the stake of the world. Follow the journey of an assassin of the shadow world as he unlocks his true destiny. **Winemaker of the North (Book 1)** Sviska is an assassin for an Order that nears completion of its crusade of genocide. A war raged against magic. Elves and dwarves fought for their lives but men stepped from the ashes as the supreme race. Now, whispers speak of a last hold in the northern mountains protected by magic. But no army can assault this place... There is only one option. Sviska. Undercover and with only his wits to help him, he is the last hope for men. But an ancient evil works against him and Sviska feels something beyond himself; a power within that awakens in the realm of magic. Fate will force him into a terrible choice. **Arcane Awakening (Book 2)** He has renounced The Order and stands with those of magic. Sviska seeks to protect that which he once called evil. Fleeing the destruction of the last refuge of magic in the land, he sails across the Glacial Seas with his new companions. Their path is unclear. The Galhedriss Arcana, the sacred book of magic, is safe from the grasp of The Order but for how long is unknown. In a world long against magic, they meet a mysterious half-elf that knows of their secrets and offers help against those that hunt them. But an old evil is awakening. The Order of men has gained a new ally, a mysterious entity of fog and shadows that wields arcane powers not seen since the time of the gods. To complete their tasks, the Saints will travel to the ruined cities of the elves and dwarves in search of a mystical artifact called the Dwarven Hand but they will not do so unnoticed. Sviska works to fight against the Order and this new evil before any hope of magic returning is forever lost. But he has not escaped from his shadowy past and his betrayal to his masters will have a steep price. **Reckoning in the Void (Book 3)** The world falls towards darkness. Magic is awakening in the north and the Grand Protectorate retreats after its bloody defeat at Srun. Sviska stands with the Island Nation against the evils of The Order and the Itsu Priest as the allies of magic make plans for their push against the capital city of their enemy. But all is not as it seems. The Itsu Priest is tightening his grip on the legions of the north changing them from men to unholy beasts. The Saints of Wura must move quickly to save Garoa's daughter from his evil clutches but some fear she could already be dead. Furthermore, hundreds have been kidnapped as sacrifices for a dark ritual and the time for the incantation draws near. Sviska is moving closer to unlocking the powers of his Dwemhar ancestry but as the blood curse ensnares his mind, he can only pray he is powerful enough to resist the will of The Order. He made a stand against a dark evil in the icy mountains of Elinathrond but now his life, and that of those he has grown to call friends, may be forfeit. Included in this set: -All three
