Customer Reviews

It's amazing how after reading this book so much of it was apart of my life already. I have been doing a lot of these things since I was younger. Great read for any woman wanting to become more of what she already is in life.

This gave me a deeper overstanding of Rastafari and the Rasta women's role. I also enjoyed making the recipes in the book especially the Jamaican Curried Tofu. Thank you for making such a

wonderful book that was easy to overstand. Peace and Blessings

This book was very enjoyable for me. It wasn't that long but it gave a pretty good understand of being a "Rasta Woman". Some history details weren't mentioned but I guess its not the book for that. I actually keep this book in my purse and refer to it from time to time. Pretty good "guide" not so much a book.

As a rasta woman,the simple principle in this book is a great guide to the true livity of the Rastafarian way of life.
