Popol Vuh: Literal Poetic Version Translation And Transcription

Synopsis

This second volume provides a literal, line-by-line English translation of the Popol Vuh, capturing the beauty, subtlety, and high poetic language characteristic of Kâ™icheâ™-Maya sacred writings. By arranging the work according to its poetic structure, Christenson preserves the poemâ™s original phraseology and grammar, allowing subtle nuances of meaning to emerge.

Customer Reviews

The subtitle for this book says it all: "Literal Poetic Version, Translation, and Transcription". At last the original Mayan text of this important cultural document is available to non-specialists who are not content with translations and want to read the original words of the story-tellers. The text is presented in two versions: a transcription into modern Mayan orthography with a literal English translation in a facing column, and the original text as recorded in the Spanish-based orthography in use at the time. Footnotes are kept to a minimum and are restricted to noting occasional ambiguities in the manuscript. More extensive footnotes detailing the religious and cultural background to the text can be found in the companion volume, *Popol Vuh: The Sacred Book of the Maya : The Great Classic of Central American Spirituality, Translated from the Original Maya Text*, which is worth acquiring in addition for its many insights.

This version of the Popol Vuh is a lyrical treatment, grounded in a deep and knowledgeable base.

This journey story is amazing even for those of us who are not Mayaists. Great notes to help with a more complete understanding. If the hoopla and craziness of 2012 brings people to this book, then I'm willing to put up with it. It's a true epic, and Christenson has the touch of a poet.

A must have for everyone who study mayan culture and history.
