In this time of uneasy peace, the last thing Brandt Rodermark wants is to act as his overlord's envoy. The wedding he must attend is for the son of a very important diplomat. Brandt must represent his Franconian overlords while the Saxons that they were, just a short time ago at war with attend as well. With so many rulers in attendance it will be a very tense time. Sophia Von Wolfenberg is the sister of the groom, and the bride is her very best friend. When it is realised that one side has sent an envoy instead of attending themselves it ruffles the delicate balance of peace. Sophia's father must work hard to protect everyone in attendance at the festivities. Once again our wonderful author breathes life into history. Keeping the reader involved in the exciting lives and

loves of our heroes. Our heroine is an intelligent ,bold young woman who has been brought up in a loving family. Our hero has more than his share of troubles and responsibilities, especially when the threat of war once more hangs over everyone. Although this is part of a series you can easily read it as a stand alone. (It will tempt you to read the other books) .I look forward to the next book in the series, but I also want to know more about the lives of this books' protagonists.

The Von Wolfenberg Dynasty is Anna Markland's New Series. This author did an exceptional job with this. I have read her other series of the Montbryce and FitzRam families and the Von Wolfenberg's are linked to the FitzRam's. Therefore, it was great to revisit some of those characters. This is Sophia Von Wolfenberg and Brandt Rodermark's story. Sophia is the daughter of Dieter Von Wolfenberg (who is now somewhat of a diplomatic figure) and Blythe FitzRam. Brandt Rodermark has been sent into enemy territory to attend a wedding as a representative by his Prince, who wants it to be seen as an insult really. For Brandt is only a duke. Brandt was to have signed his betrothal agreement within days, but instead is sent to the wedding. Spohia is thrilled that her older brother is getting married finally to her best friend. She has three brothers and she is the only daughter. She is at the age for marriage now and thankfully her mother has given her the education as to how to keep a marriage fulfilled. All of the FitzRam woman have passed the knowledge around to their daughters. She is very bright. Everyone in the household has been informed of the incoming envoy and that peace must be maintained. When Brandt and Sophia see each other sparks fly, but each is Leary of the other. This is really a wonderful love story. It is Book 1 in the series and I look forward to the next one in this series. I congratulate the author for a story well done!

Loyal Heart by Anna Markland is #1 in her new an exciting series, "The Von Wolfenberg Dynasty". A prequel to her new series, The Von Wolfenberg Dynasty! A Medieval Romance pertaining to Medieval Germany. It is Sophia Von Wolfenberg and Brandt Rodermark's story. An envoy and a powerful diplomats' daughter. Can live find a place between family loyalty and duty? Well written with a uniqueness, excitement and intriguing storyline. A sweet romantic story that will have readers transfixed to the pages of this Medieval adventure. With obstacles, a hostile world tittering on war between Germany and Italy, danger, mystery, and Brandt's possible betrothal to another, Can Anna and Brandt find their HEA? While, not a cliffhanger, does leave a few unanswered questions. Will war bring Anna her beloved, her brothers, and her father back safe and sound, or will she never see one or all of them again? Fans of Medieval Romance, Germany history, passion, diplomatic

mission, struggle, and romance will enjoy "Loyal Heart". What an exciting and usual read! An enjoyable and satisfying read! Simply delightful! I look forward to Book 2, Lute's story, "Courageous Heart", coming soon. Received for an honest review from the author. Rating: 4 Heat rating: Mild Reviewed by: AprilR

This is a wonderful story about family values and the power of love. The main characters, Brandt and Sophia, are truly refreshing. They are two young, beautiful people who fall in love at first sight. Brandt is in awe with Sophia's family. They are truly a united and loving family. Brandt's and Sophia's love story is very sweet. Cannot wait for Lute's story and to find out what happens in the war.

This book just did not do it for me personally. I was so happy to get to the end I started skipping pages. It just was not my kind of story. The hero and heroine were lukewarm and I have no wish to read more of this series. I am a highlander reader, they breed a certain kind of excitement that you cannot find in other heroes.

I was enjoying the book and even though it was Book 1, I did think there would be an ending of some kind or referenced in Book 2. Well I was wrong, SPOILER. SPOILER. SPOILER !!!! The men were marching off to war, zip zip the end. Book 2 is about her brother and his woman, which I won't read because I like books with endings and books that actually take the time to add an epilogue are my very favorite because to me it completes the book, doesn't leave you saying "That's it, that's the best they can do", sorry it ruined it for me. I will stay with my preferred authors. Sorry, but this is my honest review, I like endings.
