Customer Reviews

My review is for Barbara Devlin and Tarah Scott's amazing books! The Lucky One is such a beautiful story! I really enjoyed it! Barbara Devlin has done it again! It tells the story of Dalton, a devilish sea captain and Daphne, the governor's daughter. A family heirloom has vanished from Dalton's ship, when he discovers that it is missing, he goes after the criminals who stole it. He needs the help of Daphne, who is replacing her missing father. But Daphne is hiding a secret and

she needs to keep her brothers safe. Will he discover what she is hiding? Is there romance in the air between Dalton and Daphne? Some scenes are so funny, like when the knights and their wives will give advice to the future bride and groom! Beautiful chemistry between the two. Barbara Devlin is a very talented author and I love her books very much! As soon as I started to read the first chapter, of *My Highland Lord*, I fell in love with her story and could feel the beautiful chemistry between her two main characters Marcus and Elize. I am now hooked to her Scottish romances. It's an amazing adventure filled with tenderness, love, suspense, action and intrigue, you got it all in this romantic adventure. Marcus is a gentle and protective man while Elize is a beautiful and stubborn woman. The story begins as Elize quietly plans revenge for the deaths of her daughter and brother. After being shipwrecked, she is rescued by the MacGregor Clan and lives a quiet life but she is also holding a terrible secret. Marcus MacGregor is returning to his Highland home, he discovers Elize ...soon sparks will flare between the two. He will fall in love with her and will do everything in his power to protect her and make her his.... I love Ms.

This is a collection of 5 stories - one of which I really liked, a couple that were entertaining and well worth the time spent reading them, one that was merely okay and one that frustrated and annoyed me, epitomizing the elements I hate in romance stories. *The Lucky One* is book 6 in an 8 book series, so there are a large number of other characters that give advice, help out, trade barbs, and generally reminisce about events in previous books so that the actual story felt like "filler." If I'd read the other books, I might've enjoyed this one, but I doubt it. Problems are too easily solved and the whole "love at first sight" felt contrived solely as a reason for our "hero" to rescue an innocent who quickly forgets her innocent ways, yet continues to jump to foolish conclusions. Skip this one unless you read and enjoyed at least some of the previous books. Rating 3

My Highland Love was a thoroughly enjoyable tale with a lot of story and a couple surprises. I was a bit surprised when portions took place in Boston, but Elise *was* an American, after all. I was a bit confused by how quickly Marcus was able to travel to London from the highlands and annoyed by Elise's overly stubborn streak. She passed beyond point where stubbornness becomes stupidity and didn't deserve the happy ending the author gave her.... But I suppose Marcus earned it for her. Rating 4

The Earl's Bargain was an enjoyable tale as well. I appreciated the earl's willingness to go along with Mrs. Phillips' bluestocking philosophies to achieve his goals. The characters show some growth, though the situations in which they place themselves are laughably contrived. I was disappointed in the abrupt ending.
