#### **Customer Reviews**

Wow! Book 2 does not disappoint! This was none-stop action and sarcastic dialogue that met or even topped Sterling (Mageri Series: Book 1). All the same great characters behaving badly and searching for answers, disobeying the rules, and some even finding love. Silver and Adam have not talked since he became a Mage, but she is missing Sunny and needs Adam's help to see her. Adam has also revealed himself to his best friend Knox and the four of them meet together to catch up. Sunny is shocked to find "Zoe" alive, but they quickly revive their friendship and Sunny reveals Marcos rejection of her after Silver's disappearance and her belief that he was to blame for it. This revelation starts the action ball rolling as Silver, Simon and Justice try to find out who was responsible for Silver's attack and why. There are new and exciting characters introduced such as a Chitah named Logan Cross (sigh, fan, sigh!), a Shifter named Finn and a Sensor named Eli who Silver met at a bar called Hell. Now, that was an interesting and well named establishment! In the end, this book had a kidnapping, a lot of fighting, fleeing, falling in love and most importantly the continued strong friendships that makes this story worth reading. Dannika Dark's fantastic writing style shows through again, making this a fantastic second installment and exciting to read. Her one-liners always make me chuckle and inevitably, I have to stop and read them out loud to the family. A lot of this story is dependent on knowing what happened in book one so I would recommend reading Sterling first.

I am surprised at all the five star ratings, especially for Twist, as opposed to Sterling, the first book of the Mageri Series. It makes me wonder if the reviewers have read books by Jeaniene Frost or Karen Marie Moning which have riveting characters and great dialogue. Book 1 of the series caught my attention because it had a bit of the Night Huntress (Cat & Bones) feel from one of the best series in this genre by Ms. Frost. Not so for Book 2.The main problem with Twist is there is nothing likable about Silver (Zoe), the main character. Although Silver has received extensive training and great advice, she continually falls into the "too stupid to live" category. Sorry, but if you refuse to stay somewhere safe when you are a novice OR you demonstrate worse judgement than a five year old and open the door to someone you don't know, maybe you don't deserve to have your friends

risk their lives for you. If Ms. Dark had portrayed Silver as a bit of a knucklehead, then the stupid behavior would be expected. The problem is that the reader is continually told how Silver wants to be independent, when she is any but this. As well, when the other characters describe her bravery, it generally sounds false because of the majority of her actions are juvenile. She is surrounded by fantastic males who have kept her safe, trained her and risked their lives for her. She repays them all very poorly by being ungrateful, insensitive or rude. Adam was the human in Silver, who found Zoe and cared for her. This good Samaritan showed her nothing but kindness in the first book and actually lays his life on the line for her in this book. Her treatment of him is nothing short of shabby and there is a definite lack of empathy towards him.
