## Synopsis

\*A new sizzling romance from a USA TODAY BESTSELLING Author\* Sebastian Bennett is a determined man. It's the secret behind the business empire he built from scratch. Under his rule, Bennett Enterprises dominates the jewelry industry. Despite being ruthless in his work, family comes first for him, and he'd do anything for his parents and eight siblings—even if they drive him crazy sometimes. . . like when they keep nagging him to get married already. Sebastian doesn't believe in love, until he brings in external marketing consultant Ava to oversee the next collection launch. She's beautiful, funny, and just as stubborn as he is. Not only is he obsessed with her delicious curves, but he also finds himself willing to do anything to make her smile. He's determined to have Ava, even if she's completely off limits. Ava Lindt has one job to do at Bennett Enterprises: make the next collection launch unforgettable. Daydreaming about the hot CEO is definitely not on her to-do list. Neither is doing said CEO. The consultancy she works for has a strict policy—no fraternizing with clients. She won't risk her job. Besides, Ava knows better than to trust men with her heart. But their sizzling chemistry spirals into a deep connection that takes both of them by surprise. Sebastian blows through her defenses one sweet kiss and sinful touch at a time. When Ava's time as a consultant in his company comes to an end, will Sebastian fight for the woman he loves or will he end up losing her? \*This book is a standalone. Each book in The Bennett Family series will follow a different couple. \*\*This read is recommended for ages 18+ due to mature content.

## Customer Reviews

Just like the title I couldn't resist this book. When I received the ARC I read it in one sitting and refused to leave my bed until it was complete. Layla Hagen, what a treasure she is! I know that I can pick up any of her books and get sucked into the pages until the very end. Sebastian Bennett, CEO of Bennett Enterprise, is the oldest of nine children. He's a total Alpha, but not your typical one. He's smart, bossy, successful, caring and oh-so charming. He is very aware of the financial struggles his parents went through and always takes care of his family. Putting himself second without a doubt. Ava Lindt is independent and strong, her job is to assist companies with marketing campaigns and she absolutely loves it. She isn't looking for romance and takes the no fraternization rule very very seriously. Mix business with pleasure is a no-no in her book, but how can anyone resist someone like Sebastian Bennett? He'd date you, but you're putting up a good fight. "Sebastian: You're a smart man. I'm a smart woman. Let's not do something stupid together." "Ava: Their chemistry, attraction and connection is explosive and soon following the rules is such a hard task for Ava. Even more so when a determined Sebastian pursues her and makes her go against every single rule she has set. He gets what he wants, and he wants Ava. "She's it for me. The one. I'll be damned if I'll let her slip away." The characters, emotions, heat and humor will win you over within the first chapters of *Your Irresistible Love*. The story flows beautifully and has wonderful pacing. I had me laughing out loud and swooning. The chemistry between the two nearly melted my iPad. Layla is a writer I will always automatically buy or sign up to review.

I've fallen in love with the Bennett family. They're adorable, funny, a united front and so much fun. And these novels are written by LAYLA HAGEN. That's a guarantee for a good story :-)

Lovely romance from an author that knows how to make her characters seem lively, warm and likable. With this new series, she introduces the Bennett family, a bunch of people that I'd love to hang out with. Sebastian is the CEO and founder of a jewelry company that's changed all their lives from humble beginnings to wealth and popularity. It felt very easy to read this story. The warmth and camaraderie that the numerous members of this family share with each other, the elder brother's personality both noble and hurt by

his relationships with shallow women, the witty and fun dialogues, the steamy scenes between Sebastian and Ava. Ava is the independent woman who starts to work for him for a few months, yet shows him for the first time how it feels to trust someone and be liked for who is and not the money he has. They begin a torrid affair with an expiration date that looms over every little happiness they find together. I like this couple because it's obvious that they connect from the start beyond the physical attraction. It's their personalities, values, sense of humour and what they stand for in life that make their bond true and deep. I don't have any complaints about this novel except for a minor thing. Sometimes a character said something, then another one would reply with "right back at you". That became annoying to me. This romance feels very sweet, passionate and warm from the beginning as it naturally evolves into love.
