What an amazing story of a horribly abused young girl! She learns to be resourceful very early in life, much earlier than most young girls, to take care of her little brother, to take care of herself and to exist in a world she did not create and never asked for. Her mother is a horrible person whose abuse is never explained, but it's clear she is unhappy and insecure and she takes these emotions out on her daughter every day. Please read this book for a fascinating story that beckons you and won't let go until the end. I'm looking forward to reading Book 2.

An amazing and compelling narrative of a girl growing up and having to deal with an abusive mother. The book is easy to read and makes me eager to find out what will happen next. This is not a happy tale, but I couldn't help but smile at the strength and character of the girl in this true story. Her unbending strength and resolve is truly inspirational. I highly recommend this book.

My heart breaks for Sis, no child should be so unloved by their own mother! This book should be read by all children going through these horrors and know there is help! I pray this beautiful young woman has learned to trust and has found love and happiness! I cried through this entire book and am so looking forward to reading book 2! I wish her all the best things life has to offer her! I pray her dreams came true! If I could only wrap my arms around her and tell her she is loved! May God richly bless her life and Angeles watch over her! Thank you JC for helping this beautiful soul heal!

A dark tale, yet somehow lightened in the telling, this story left me in occasional tears, although it remained impossible to put it down for long. The main character, Sis, shows such strength and resourcefulness in the face of so much awfulness, particularly with her mother teetering constantly on the edge of rage. I am wanting to see what comes next, so I will be eagerly awaiting the next installment!

I read this book quickly even though I had to pull myself away from it several times because it is so heart wrenching. JC Mitchell writes this true story in such detail that it brought out many emotions for me. Sis endures so much physical and emotional abuse from mostly her mother but other characters in the story as well. It's frightening to me personally because I have been oblivious to

how badly the system is failing abused children. Thank you JC for writing this and GOD bless Sis. I can't wait to read the rest of the story.

I really enjoyed reading this. I became engrossed in this girl's life story that I felt like I wanted to do something to help her. Excellent writing and telling of a story that needed to be told. Thank you for this story.

A TRUE story of recovery, as told to the author, by a woman who has survived a lifetime of abuses by dysfunctional Mother, family, authorities, and completely forgotten by society. Sis (the abused) as a child finds ways to cope. Some NOT so good, but those coping abilities, kept her alive!! She now comes forward as an adult to acknowledge these atrocities, and provide guidance to others in the same situations. I like the descriptive way JC writes. I feel as tho I'm right there with Sis! I cried, I got angry! I wished coulda been there to help Sis see she wasn't alone in life.

I LOVED this book and hated for it to end! The author has a natural talent and the words flow easily throughout the book. It's so sad to know that there are people in the world who can treat their own flesh and blood so cruelly. I hope and pray Sis has finally found a loving home to call her own.
