Customer Reviews

This is a three book bundle of Christi Caldwell's Scandalous Season Books. When it comes to happily ever after romances that are full of heart, teary eyed moments and love, Caldwell is on par with romance writers BALOGH, JAMES, HOYT, BARTON, DARE, DALTON and CAMPBELL. She writes female heroines who are believable and heroes that maybe flawed, but become better men for the woman they love. If you haven't read a Caldwell book then this bundle is a fabulous value. Once you dip your toes into Caldwell's Regency England, you won't want to leave.

Another mesmerizing collection by one of my favorite authors. "Scandalous Seasons" is a must read collection of scandal, romance, and love. Fans of Historical Romance will absolutely adore this charming collection. Well written with engaging and interesting characters. I am impressed with Ms. Caldwell's tales of love and romance. Well worth the time and the price. Another hit. Simply Magnificent!!*Personal buy*Rating: 5Heat rating: MildReviewed by: AprilR

Cristi Caldwell is a new author to me, and I'm seriously impressed with these novels. The leads have real depth & complexity, yet maintain an honesty of character which really holds your attention and draws you into their worlds. I wavered between wondering how each novel would conclude, then how long I was going to need to find out, then back to what the next twist setting my teeth on edge would be, then realising the hopelessness of getting to sleep before the final, final ending was uncovered and blocking out the world til I was done! The characters maintain good flow between the books, and there is excellent historical attention to detail. My single gripe is the occasional use of the word "great" as used by a character to indicate frustrated sarcasm. There were almost no typos or grammar problems, which is a real blessing in novels of these lengths - my thanks to the excellent proof-readers. If you want to know the plots, read another review. My review is for the author's skill and deft touch with a popular historical period and genre. I have grown up with Georgette Heyer as my literary idol, and she's always perfect at balancing wit, plot, romance, intrigue, and humanity with historical accuracy, intelligence and flair. These novels are excellent in all of the above areas, so I believe if you enjoy an exceedingly well-crafted novel of the quality of Ms Heyer, then delve in! Please note these novels do have scenes of a consensual and explicit nature, but they are really well written too & add an extra layer. I can only hope Ms Caldwell has as lengthy a career of quality authoring ahead of her as Ms Heyer did. Great read, just buy it!

I have read all of the books so far in this series! I love them so much ! Now I'm just waiting to preorder the next one!!! Christi is such a talented writer I automatically order her books! If its written by Christi Caldwell enough said!!!

These books were difficult to read. Lots of misused words (leant, lightening, wont, etc.). Tons of commas in really weird places. I was ready to make a drinking game out of how many times someone said "oomph" or maybe swiped their eyes or with the back of their hands (that happened a lot) or held out their hands palms up. The characters were not believable and the situations even less so. Even minor stuff was annoying, like a man wearing boots to a ball. Also, do we need to have hair, eye and, yes, even eyebrow color mentioned repeatedly? Mahogany brow? Really, Pinocchio? Bad writing, no proofing, and lack of authenticity. Don't believe the fake ratings (you can tell which ones they are).

From reading a lot of romance novels, I came upon a lot of books that are quite lacking in narration or character build up or happens to be the usual run-of-the-mill. It's almost always a trial and error on my part. Luck would have to be on your side to find something worth reading. So it was luck that led me to find this gem of a series. I truly enjoyed the narration of this series and the build up of characters. When you look forward to read another character's story in the novel, it's usually a sign that the series is well written. The author brought the characters to life. Also, the tone of humour makes this a really fun read. the author truly managed to bring a fresh spin on a frequently cliché historical romance. She's a new favorite of mine!

This is the first I have read anything by Christi Caldwell. Let me just say that once I started this collection I was hooked from beginning to end. Her writing is right up there with Julia Quinn. I loved all three of her books of the Scandalous Seasons. She takes you on a journey in her first book about the ravages of war to a love that heals all. I teared up while reading the emotions and insecurities of the hero who has PTSD and doesn't feel worthy of Love. The heroine who is brave and courageous and will fight for her love. The second story also took me on a emotional rollercoaster ride. This story has the redemption of love to heal all wounds. The final and last story all I have to say is WOW! As I read this story the tears just wouldn't stop falling while reading the emotional scenes in this book. The author has a wonderful way with words that truly takes you into her stories of everlasting love. I will definitely be buying more of her books. If you love books written

by Julia Quinn, and Eloisa James, Christi Caldwell is definitely worth the buy.
