Good Girl (Love Unexpectedly)

Synopsis

USA TODAY BESTSELLER • Lauren Layne brings all the unpredictable heat of *Blurred Lines* to an all-new cast of characters! Country music's favorite good girl is hiding away from the world only to find herself bunking with a guy who makes her want to be a little bad. Jenny Dawson moved to Nashville to write music, not get famous. But when her latest record goes double platinum, Jenny's suddenly one of the town's biggest stars and the center of a tabloid scandal connecting her with a pop star she's barely even met. With paparazzi tracking her every move, Jenny flees to a remote mansion in Louisiana to write her next album. The only hiccup is the unexpected presence of a brooding young caretaker named Noah, whose foul mouth and snap judgments lead to constant bickering and serious heat. Noah really should tell Jenny that he's Preston Noah Maxwell Walcott, the owner of the estate where the feisty country singer has made her spoiled self at home. But the charade gives Noah a much-needed break from his own troubles, and before long, their verbal sparring is indistinguishable from foreplay. But as sizzling nights give way to quiet pillow talk, Noah begins to realize that Jenny's almost as complicated as he is. To fit into each other's lives, they'll need the courage to face their problems together before the outside world catches up to them.

Customer Reviews

4.5 Stars Jenny Dawson just needs to get away. The negative side of Hollywood is rearing it's ugly head and it's overwhelming. Escaping to a childhood retreat, Jenny hopes to rediscover her spark and get out of her writing slump. Hit records don't just write themselves after all. Noah Maxwell is running away from his life, and hiding out at his newly inherited estate is just the break he needs. When country music star and Hollywood's latest "homewrecker" contacts him to stay at the house, he figures it's just the distraction he needs. As Noah gets to know Jenny, the less he believes in the rumors and the more he starts to fall for her. Unfortunately, Jenny isn't the only one being less than honest. What happens when the real world starts seeping in to their little dreamland? Are the secrets they keep going to destroy any hopes they have for a future? My feelings about Noah were a bit conflicted, much like the man himself. One minute he's a complete and total jerk whose face I wanted to punch, and the next he was sweet and sexy and completely turning me on. There were times I had difficulty moving passes just how mean and hurtful he could be but the more I read the more I began to understand. Now, it doesn't excuse his behavior but gives reason for it. As he starts

to let down his walls we get glimpses of the charming and kind man underneath. He went through quite a change throughout the story and I really loved watching his development. Jenny also went through her own changes, although different from Noah's, they were just as profound. Jenny was genuine, sweet, and thoughtful. While she was a strong and independent person, she wasn't necessarily the most self-assured. Throughout the story we see her gain so much self-confidence, it was wonderful.
