Heart Breaker: A Nashville Nights Novel

Synopsis

Theyâ™re perfectly in tuneâ™but only when it comes to their music. This sizzling romance from New York Times bestselling author Erin McCarthy follows Nashvilleâ™s hottest country music duo as they fight for love in a city where dreams often cost a broken heart. **Â** Self-made singer/songwriter Jolene Hart loves everything about being on top in Nashville. Well, everything except her very public breakup with Chance Rivers, her sexy masculine other half. Once the hottest duo on the scene, they turned Music City on its ear. Now their careers are as cold as their relationship. Which is why their manager has practically locked them in a remote cabin with nothing but a guitar, a bed, and time to do what they do best: make some beautiful music together. **Â** As Nashville royalty, Chance has big boots to fillâ™and the pressure that comes with â™em. He fell hard for Jolene, but he couldnâ™t handle the spotlight, the crowds, and the fights that made headlines and killed any notion that love and success could go hand-in-hand. Still, Chance is more than willing to rekindle the one thing that worked: the wild passion behind their hit songs. Soon theyâ™re making up for lost time, in the steamiest ways possible. But Chance finds himself wishing for the impossible: that their intimate hideaway could last forever. **Praise for Heart Breaker** **Â** **â** œChance and Jolene felt real to me. Their problems felt real. And their attraction felt out of this world. I loved them both separately and together. . . . For any music romance fan, I highly recommend Heart Breaker. It was a whole lot of fun, and I canâ™t wait to see what else McCarthy brings with this new series.â •â™Harlequin Junkie **Â** **â** œHappy endings are satisfying, and this one felt really satisfying because Chance and Jolene had to work for it. The character development nailed it for me. . . . Iâ™ll definitely snatch up the next one when it comes out.â •â™The Romance Factor **Â** **â** œWatching these two find each other again is not only sweet and hopeful, itâ™s funny and witty. Sure they had to go through some hurt to get there, but it made it worth it in the end. It made them stronger for it. . . . [Heart Breaker is] a wild ride of ups and downs, fun and laughter.â •â™Books & Boys Book Blog **Â** Includes a special message from the editor, as well as an excerpt from another Loveswept title.

Customer Reviews

My Review:I adored this book so, so much. But then I'm a sucker for second chance love stories. Jolene and Chance are a country duo known as Hart-Rivers. Musically, they've been together 2-3 years. They were romantically entwined for 6 months within that until it all blew apart a few months ago. Now they don't even speak...not since that epic fight when Jolene over-reacted to a photo in a tabloid and Chance completely lost his temper. But now it's time for them to put together another album so they have no choice but to work together. It doesn't take long for them to realize although they've both been really hurt, neither one of them is over their emotional connection to the other. The problem...those issues that caused the breakup in the first place are still there and still issues.Chance is country royalty. He's a third generation song-writer out of Nashville. Even if he screws up, he's going to be just fine...his family name will carry him over a bump in the road. Jolene grew up as poor trailer trash. If she screws up, her entire career is over. She's terrified that something is going to jeopardize her career...to the point that she lets that insecurity impact her relationship with Chance. But he's not without his issues too...he doesn't want to be famous for just being his father and grandfathers show monkey. He has his own skills that he wants people to see. This is a lot of pressure on the two of them professionally and personally.Like I said, I thoroughly enjoyed the story. My heart got fully involved with both characters and ached with them when things get hard between them. And in the backdrop is their wonderful musical chemistry. I live in Texas where country music is a way of life, so I loved the country music theme to the story.
