Purpose Awakening: Discover The Epic Idea That Motivated Your Birth

Synopsis

PURPOSE AWAKENING, the breakout book of international speaker Touré Roberts, is about that transformational moment when you are awakened to the purpose of your life. Your life began with a brilliant thought in God's mind. Your purpose, therefore, is the awakening to that thought. In this groundbreaking book, Touré introduces a new way to perceive the meaning of purpose. As he says: "You don't find purpose; purpose finds you." In fact, purpose conceived you; it was the catalyst for your birth. This thought-provoking book opens with the revolutionary concept that "Every life began as an epic idea." This new way of finding your purpose will empower you and change your life forever. You haven't even begun to live until you find out why you are here. Touré uses personal stories, humor, and eye-opening analogies to take you on a transformational journey. You will learn how to discover your unique purpose, know God's voice, identify and choose purpose mates, end wrong relationships, put an end to fear, grow your faith, and so much more. PURPOSE AWAKENING will also give you a relatable and practical guide that will instill confidence, peace, and fulfillment by demystifying the journey to purpose, and enabling you to discover your own unique awakening. Being more than just a "feel good book," PURPOSE AWAKENING provides true direction and gives parameters that guide the purpose-seeker. It will set you on a life-changing course to discovering the good idea concerning your life and the joys of seeing it fulfilled.

Customer Reviews

There are many people who can improve their situation in life by simply changing their attitude and

a few of their bad habits. You may not now have the mindset to be one of them, but even if the total is only a small percentage of this book's readers, how could that possibly be interpreted by anyone as a bad thing? This author approaches the subject of how one can discover the path, objectives, confidence and self-direction by "choosing" to live a new purposeful life. This choice is made by honestly appraising yourself, then deciding on a new direction based on a reasonable analysis of your own God-given ability and natural talent. While it may not be as easy as it sounds almost anyone can do it if they make the commitment. Filled with direct testimony, humor and important tips to assist you, this book holds the potential to change your life. Every new journey begins with the first step ... what do you have to lose?

Every word written by Tour© Roberts in Purpose Awakening is divinely inspired and carefully crafted with the intention of transforming your life. I now have a hot yellow highlighted version of the book because every page is loaded with profound wisdom that you can apply to your life right away. More than it being a life changing book the first time you read it, it is a life guide that you will want to carry with you and reference throughout your entire life journey! Additionally, Tour© Roberts is one of the most powerful and talented motivational speakers in our generation today. I highly recommend watching his talks (available free online) in partnership with reading this book.

Purpose Awakening will encourage, inspire, motivate, guide and bless you tremendously. I too stayed up half way into the night reading this book, I COULD NOT put it down until I had savored and read every page. Purpose Awakening is simplicity at its best. It is very easy to read and understand. I LOVE this book and will definitely refer to it on a regular basis as I focus and discover the Epic Idea that motivated my birth.

Purpose Awakening is a must read for everyone no matter where you are in your life. What is important about this book is that I was able to use some of the insights immediately to realign my goals. This book really challenged me which is why I could not put it down.

For a long time I sat in a place of comfort in God. Plenty of revelation, and understanding of who God was. But that place over time became somewhat frustrating. I kept seeking and gaining, but my results remained the same. More revelation, more power, more of His spirit but no manifestation of His promises. I knew God had great plans for my life, and I was confident I had what it takes but no manifestation. However I was open to read Purpose Awakening, and just reading it began to unlock

purpose in my life. It was like that book said give me your hand, we're going into purpose. This book is for people from all walks of life, even the ones who think they have it all figured out. That was me feeling like me and God alone can unlock my purpose. But now I understand life is about partnerships, and fulfilling purpose is not a one man show. I'm not finished with the book and it has and will be hard to put it down. Purpose Awakening ROCKS!!!

The world is always buzzing around us never allowing a thought to clearly form in your mind. We hear everyone talking to us but do you hear God? At times we pray for this and hope for that but are we prepared to just let go of everything and hear His words? Every one of us is here by His design and the decisions we make and the mis-steps that are taken are always leading us on the correct path of our destiny. There are times we question the amount of burden bestowed upon us but never fear, have faith in yourself, and live the life that has been designed just for you. Believe in all things you can see and especially in those you cannot. This book came at a good time in my life as I work through the mine field that is someone with a family member suffering with a mental illness. While I was trying to figure out what was going on that God would add one more life altering burden to my existence, I read this book and said "because I can handle it". There are so many people wandering the streets seeks peace in their lives who have no family to care for them and my son does have someone and that is me. So I gave up the pity party, am working to figure out how to make his life functional again, and realize that without asking my son's prayer of who can help me not become a statistic, was answered.

I've heard of Toure but I never paid attention to his teachings until I came across his teaching on 5 Ways to Identify Your Soulmate on Youtube. From that video on, I was hooked. His style is so laid back and easy to digest. For a pastor, he's not preachy and as one who grew up in a Pentacostal church, I can appreciate a break from the hoop and holler of most pulpit orators. Toure's style is very uplifting and energizing and I am enjoying this book so far. Definitely a worthy investment.

I will say it again: Purpose Awakening is life changing! Buy the book! :) When I first purchased this book I was so unclear of what my purpose in life should be. I was surrounded by people who were walking in their purpose and I often wondered if I would ever discover my own purpose. I tried so many times to figure out what my purpose was and in doing so I did not realize I was going about it the wrong way. After reading Purpose Awakening, I now have a clear vision for my life's purpose. Reading this book helped me to see that I had to change the way I went about realizing my purpose.

Purpose Awakening is not a step-by-step program...it is way more than that. This book goes beyond the surface and really digs deep into what is needed in order to live a life of purpose. I highly recommend this book to anyone who has questioned their purpose and wants to be awakened to what they were put on earth to do. (For anyone reading this you are awesome and loved. You are here for a reason and the world is waiting for you to live in your purpose. God bless you as you start the journey that will change your life!)
