RV: RV Living For Beginners: Simple Tools, Tips & Hacks To Make Debt Free, Full Time Motorhome Living As Stress Free And Enjoyable As Possible (Tiny House, ... Live In Car, Van) (RV Boondocking Book 2)

Synopsis

RV Living For Beginners Volume 2 The Long Awaited Sequel To RV Living For Beginners Volume 1. If you have ever thought about living in an RV full time and travelling around the country, you probably have a lot of questions. You may be wondering how you could possibly pack up your family and pets and live in a space that is probably no bigger than your current living room. Can you do it? You most definitely can. Will it take some work and getting used to? Oh, yes, it will, but with this book, you will learn some tips that will help make your time in an RV a little easier. You will discover some valuable information about how to keep your RV clean inside and out as well as how to take care of some basic maintenance duties that will keep your home on wheels in tip top condition. If you are not excited about living in a motorhome, but still want the full time RV lifestyle, travel trailers are an option. You will need to know about some of the quirks to living and pulling a travel trailer around the country and that is exactly what you will find in this book. Whether you are living with your entire family, kids included, or it is just you, your spouse and your four-legged family members, you can live a fulfilling, exciting life on the road. You will want to know some tried and true tricks from other full timers about how to best manage your pets and how to deal with several people in a small space. The tips in this book will help make your transition to full time RV living much easier. Don't waste precious time and money by learning everything the hard way. Take advantage of the knowledge others have passed along and apply it to your full time RV living lifestyle. Here Is A Preview Of What You'll Learn...How To Do Basic Maintenance And The Tools You'll Need To Live In RV Fulltime How To Properly Detail Your RV Inside And Out The Basics Of Boondocking Tips To Help You Tow Your Travel Trailer (Caravan) How To Best Live In An RV When You Have Pets Tips For Full Time RV Living With The Family Readers say....."This book is contains a great deal of accommodating data about living in a RV full time. By perusing this book, you will find some profitable data about how to keep your RV clean all around and also how to deal with some fundamental upkeep obligations that will keep your home on wheels in tip top condition. It's great to have a complete guide, for example, this that can help you on the things that you have to get ready, things that you have to expect and how you can conform to living in a little space. Very Helpful book!!!!"..... Paul "I find this book an interesting read about surviving and thriving on living in an RV and spending most of your time on the road. This book gives some ideas on how we can sustain in living on our RV specially for those that are interested in traveling and exploring new places. If you're looking to leave your house and your office job but still want to travel, then I highly recommend this book for you. RV living is a go to for some people specially for adventurous ones!"..... Archon "This is a great book that I got for my brother who is preparing

for his trip with his family. This book teaches you on how to go about and live in an RV. It contains very practical tips and strategies for a stress free living and overall an enjoying journey with your RV. Even if I don't have an RV for now, I really find this wonderful book very interesting and because of what I learned about it, I'm planning to get my very own RV soon".....kampanaGet Your Copy Now!Tags: Camping And Cooking, Camping Free Books, Motorhome Maintenance , Caravaning, Travel Trailers, RV Lifestyle, Off The Grid Survival, Financial Freedom.

Customer Reviews

As a long time RV'er, I found many useful tips. No one is ever too experienced to learn new things. I have already put the new tips and hacks into play in my RV life. Not only can you learn to do things better, you can learn to save some money, which is always helpful. I am very grateful that I found this book.

I am not a full time RV resident, but I do travel quite a bit. This book has helped me perfect my travels and will no doubt save me and my family money and time. I recommend this book to

anybody that wants to make RV living a full time or part time reality.

One of the best books on the mobile lifestyle that I have yet read. Very concise, covering all topics in general concerning the necessities of living life in a vehicle, whether in the city or in the country. I would recommend this book to anyone interested in living a mobile life or just interested in general. I can't wait for his next book. RV Living For Beginners: Simple Tools, Tips & Hacks To Make Debt Free, Full Time Motorhome...

Whether you're a family of weekend campers or a retired couple looking to travel full-time, every RV beginner has to know a few important things before making the maiden voyage. In this book you will find great and quick tips to consider before you pile in and head out. This isn't always an easy decision, with pros and cons for both. However, when you consider a few key factors, the answer becomes clearer. With little road experience, it's especially important that RV beginners take time to learn how the motorhome works, even if it's just a rental. If something breaks, you should be able to assess the problem, and potentially fix it. This saves time and money spent at a mechanic. When you get to know your RV, you're less likely to make operational errors. Consider the roads you plan to drive on, and take a smaller trip on similar terrain. As an RV beginner you don't yet know what will move around in the living area or how hard it will be to switch lanes, ascend hills, and park. These tips and a lot more you will find in this book, recommended.

This sounds exciting! I have thought about living and being out on the road sometimes. But I know how to go about it. Fortunately, I found this book. This is a very helpful book because it discussed a lot of useful topics that were also explained well. It made me understand the basics of RV lifestyle more, how to choose the right RV, and some helpful tactics too. But what really educated me is Chapter 7, Full time RVing with the family. Amazing!

There are a lot of common sense things outlined in the book although that may not be true for everyone. There are a number of grammatical and sentence structure errors throughout the book. Correcting these would make the book more enjoyable to read.

Very impressive tool! I found this book as I was planning for our first full summer camping and traveling with a travel trailer. It was a very helpful in planning and determining the lifestyle we will now have as a retired couple. The chapter on check lists was especially helpful as I have gotten our

schedule set. It's truly worth recommending!

I have been thinking of purchasing an RV for a while now and I wanted to know the basics of RV living. I am so glad I came across this book. I have learned so much that I am now convinced and ready to buy an RV. Definitely recommended!
