# Soccer IQ - Vol. 2: More Of What Smart Players Do (Volume 2)

## Synopsis

"It's as if Dan was sitting right next to you with a dry erase board saying, 'See what I mean?' This is another must have book for the soccer lover." Ray Leone, Head Coach, Harvard #2 on Football.com's list of the Best Soccer Books for Players and Coaches. A follow-up to the #1 best-seller, Soccer iQ, Volume 2 is written in the same conversational and humorous tone as its predecessor. Volume 2 is an easy read that identifies more of the most common soccer mistakes and provides players with simple, connect-the-dots solutions that they can immediately implement into their games. It is another must-have book for any serious soccer player. "Soccer iQ Vol. 2 gives you way more than your money's worth." Tony Amato - Head Coach, Arizona

Best Sellers Rank: #25,906 in Books (See Top 100 in Books) #3 in Books > Sports & Outdoors > Coaching > Soccer #19 in Books > Sports & Outdoors > Soccer

## Customer Reviews

I loved this book. I played soccer until I was 16, and I have kept playing for fun as an adult. I have also been coaching my son's team for several years. For quite some time now, I have been looking for practical books on tactics and how to play better soccer. It has been frustratingly hard to find good ones. The kinds of books I have been able to find until now were either theoretical on tactics (for example, I didn't really like 'Inverting the Pyramid'), or just filled with drills (but without the reasons for doing them). Soccer IQ volumes 1 and 2 are the first books I have found that actually explain what you should do to become better at soccer. Both are thin books with about 50 tips each. Each tip is described in one or two pages, sometimes with a diagram. Each tip applies to a specific situation in a game, for example certain passes to avoid when you are a defender. Initially

I was a bit sceptical of this approach â “ I had expected more of a unified story of how to play. But as it turns out, I really enjoyed this approach. First of all, it is probably easier to write about specific situations. Secondly, it is easier to adopt and apply the tips when they are presented like this. When taken together, all these tips will make you a substantially better player or coach. Many of the tips were not news to me â “ I have learnt them myself when playing. Nevertheless, it is nice to see them described. However, I was really happy to see how many tips taught me things I didnâ™t already know. The ones I liked the most were: 5 Play Behind the Fence, 6 Skip a Layer, 7 The Higher of Two Options and 21 Swim Upstream (the â œtable with marblesâ • is a great metaphor). I am looking forward to trying to apply these and more the next time I play.
