Aced (Blocked Book 2)

Synopsis

Volleyball wonder Lucia Ramirez found her love match in *Blocked* despite the glaring political spotlight aimed on her family. In *Aced*, the second book in Jennifer Lane's *Blocked* series, it could be her brother Alejandro's turn to get lucky in love. Medical student Alejandro's hot Latin looks get him plenty of attention, but his deep faith and admiration for his father keep him on a righteous path, with no time for something as frivolous as love. He strives to do the right thing "study diligently, take care of his siblings, represent the family well" so why does he feel so unfulfilled? Enter Lucia's friend and teammate Maddie Brooks, who shines at blocking the ball and acing the serve. Too bad this graduating senior isn't so confident about her life off the court. Her longtime boyfriend has just bailed on her, and med school applications loom large. Oh, and a nerve-wracking tryout for Team USA also approaches. Maddie meets Alejandro when he visits Lucia at school, and she's soon drawn to his sharp mind. Alejandro is similarly intrigued by Maddie's talent and strength. But will personal biases and family politics smother the slow burn of their attraction? Unless Maddie can learn to believe in herself, and Alejandro can become his own man, their kindling romance hardly stands a chance. Will either of them be bold enough to try something new? Find out in this emotion-rich story that refuses to shy away from life's hardest questions. Because love is worth the risk.

Customer Reviews

I received an advanced copy of *Aced* by the author in exchange for an honest review. I have never read anything by this author, but the book blurb intrigued me since I enjoy sports and romance. This story begins with a girl named Madison, Maddie for short. Maddie has found herself in a deep depression ever since her boyfriend broke up with her after three years. With all of her past family and relationship issues, she doesn't know how to see around her low self-esteem "thinking that she is just not good enough for anyone to stay. Her fears follow her everywhere, not only in her relationships, but also into her volleyball practices and course load. She has big dreams "sports won't be all for her. Her plans involve furthering her education. After being dragged out of her place with her best friend, Lucia "who happens to also be the daughter of the President of the United States, she feels that she can breathe easily until she lays eyes on Lucia's brother Alejandro. Alex is hot, sexy and smart and Maddie knows that she won't be able to get him out of her head any time soon. When it becomes apparent that maybe she is not the only one who feels this way, Madison has to decide whether she can handle anything emotionally right now. And if the answer is yes, is she good enough for the son of the President of the United States? My favorite characters are Dane and Madison, Maddie. I really enjoy the banter back and forth with Alejandro and Dane about Politics. Maddie and Lucia are really great friends and it shows in the easy going conversations and closeness that they share. Between the four of them, their bond can only grow. All four have been through so much, especially after having to be followed by security detail for protection all of the time.
