Born Sinner (Se7en Sinners Book 1)

Synopsis

"It's Angels and Demons meets Suicide Squad mixed with a little Devil's Advocate." - The Sisterhood of the Traveling Book Boyfriends! I fear no evil... Twenty-two years ago, I was cut from a cold, sodden womb, and cradled in the filth and poverty of Chicago's concrete arms. Statistically, I wasn't supposed to survive these streets past the age of eighteen. Fate had a different plan. I was bred for one purpose and one purpose only: to unleash death and destruction on my world. My thoughts are power. My words are weapons. Evil created me then grace tried to save me. But first... they tried to kill me. They call themselves the Seven. They are sin and salvation, and everything we've feared from the beginning of time. And their leader is the deadliest of them all. He doesn't lose. He doesn't compromise. And most importantly, he doesn't distract himself with mortal weakness. Not until me. Kill one to save a million. That's what he told me when he took me as his prisoner. Kill one to save a million. That's what he's been trying to tell himself ever since he took me into his arms.

Customer Reviews

Holy Joseph and Mary | this book | IT JUST BLEW ME AWAY!! As of now, this is my FAVORITE

book of the year! Hands down! I was so on the edge of my seat. Total nail biting, frantically reading as fast as I can because I was addicted. I was a crack addict and Born Sinner was my crack!! SL Jennings goes back to her roots of writing paranormal romance, can I get an AMEN for that! I first fell in love with her writing with the Dark Light Series and this book just took me to another place. A place of fallen angels, demons, and warlocks. This is a huge huge huge 5 star read and I would highly recommend it! Even if you normally don't read paranormal, give it a shot. You just might surprise yourself! Eden has always been able to twist the freewill of others. She discovered at a young age if she spoken to them and gave them a direction, they followed it. At times it was playful, maybe having someone trip over their own feet, having someone spill coffee on themselves, but she also knew she could cause harm if someone wasn't so nice to her. Her Mother was convinced she was the spawn of the devil and tried to drown her at five years old. She was then put in foster care where she bounced from home to home never belonging. I'm trapped in my own destiny, caged in by the hand this life- my insignificant, inconsequential human life- has dealt me. • - Eden For the past couple of years she's been terrorized by a dream. She has same reoccurring dream over and over. She wakes every time trashing and screaming for help. She has mixed emotions of being turned on beyond belief but also a feeling of dread and terror. What she doesn't know is she has been marked by evil. I always screen for him. I always beg for more and more.

There's a reason why this new release from S.L. Jennings is much anticipated. I'm a huge fan of this author! She has provided us with some seriously fantastic reads. So what happens when one of your favourite romance authors takes everything that you love about her books and combines it all into an amazing, paranormal package? You are in for a damn good time, that's what! Meet Eden. Twenty two years old, living a miserable existence in Chicago's slums. She knows she is different, has known for a long time. Struggling with her inner demons and the evil she is capable of unleashing, the last thing Eden expects is for fate to pluck her out of her dull life. And when it does, it happens with all the gentleness of a sledgehammer. Bruised, beaten and humiliated, Eden finds herself being held prisoner by a group who call themselves the seven. "Somewhere in a distant corner of my mind, I remember that I should hate him. Should fear him. But now I fear something else entirely. I fear myself." Eden is a heroine that I wasn't expecting. She's smart, cunning, strong, beautiful. Yet she has this darkness about her that I really loved. She owned it, but was also terrified of that dark part of herself. S.L. Jennings introduces us to a fascinating set of new characters. The most intriguing of all, the mysterious "L". "He stands as if he is made of stone" "unbreakable,

impenetrable. Forged of the earth and elements, yet he moves in shadow. Darkness molds to his daunting frame, sweeping over broad shoulders, chiseled arms, a taut chest. Silver eyes take me in, studying the rise and fall of every one of my breaths. Contemplating my fragile mortality."Now, I won't say much about this smokin' hot, brute of a man.

This is by far one of the best books of 2016 and I don't say that lightly. First of all, I am not a big fan of UF/PR so when I first started reading this book, I didn't know what to expect. Eden is not your usual heroine. She has powers she doesn't understand. To tell you what they are would be a spoiler. Her life changes one night when she is abducted from her rough neighborhood on the South Side of Chicago and taken in by the Se7en. Their leader is L. and he along with his five brothers and one sister have pledged to keep Eden safe at all costs. She doesn't know why and neither will the reader because this book is like an onion. The plot unwraps slowly. It seduces the reader before they know it and these characters have their hands wrapped around your heart like a vice. They won't let go either and there is rarely a dull moment to ask for any pity as they squeeze that bloody, fist shaped object in your chest. L. and Eden chain your heart while the rest of the Se7en latch the lock and throw away the key. Never have I been so spellbound and shocked by what I was reading. This book will make you question how you feel about religion, original sin and perhaps the fact that we are all born sinners but some of us try to atone while others revel in the depravity of what comes as natural as breathing to us as humans. There are no bad guys and good guys. The characters are all various shades of gray from the darkest to the lightest. No one is completely evil and no one is completely righteous. By the end of this book, I clutched my heart and tried to let go but I couldn't. This is part of a series so the end will make you want to cry and instantly contact Ms. Jennings, begging her to write and finish the second book yesterday.
