Forever With You (Wait For You)

Synopsis

In the irresistibly sexy series from #1 New York Times bestselling author Jennifer L. Armentrout, two free spirits find their lives changed by a one-night stand. Some things you just believe in, even if you've never experienced them. For Stephanie, that list includes love. It's out there. Somewhere. Eventually. Meanwhile she's got her job at the mixed martial arts training center and hot flings with gorgeous, temporary guys like Nick. Then a secret brings them closer, opening Steph's eyes to a future she never knew she wanted until tragedy rips it away. Nick's self-assured surface shields a past no one needs to know about. His mind-blowing connection with Steph changes all that. As fast as he's knocking down the walls that have kept him commitment-free, she's building them up again, determined to keep the hurt out. But he can't walk away. Not when she's the only one who's ever made him wish for forever . . .

Customer Reviews

If Jennifer L. Armentrout knows anything, it is how to write a good romance. I expected nothing less

from Forever with You. LIKES* Cliches used right. In contemporary romance it's hard to think of some new plot. Jennifer L. Armentrout took a cliché, added a little twist and made it interesting.* Confident heroine. A man who sleeps with a lot of girls is a playboy, for a girl, people do not use such nice words to describe that kind of a behavior. Often in novels, the girls who sleep with a lot of guys are side characters who are bad and learn their lesson by the end. In Forever with You, Steph is a hundred percent full supporter of no-strings-attached hookups. I loved how confident Steph is and unperturbed by what people think about her.* A playboy hero with hidden depth. Usually, heroes who are womanizers only think about their pleasure. In the other romance novels, it's the heroine that changes them for the better. I liked that as Steph gets to know Nick, he turns out to already be a great guy and that his one-night-stand rule actually has a good reason.* Cute secondary characters. I can't decide if nerdy Roxy or outrageous stripper Katie are my favorite. But, since Roxy already got her book, I am cheering that the next book in Wait for You series turns out to be about Katie. DISLIKES* It's one of those times when I can't point to a specific thing and say: "That was not good." It's just that the story didn't grab me. I read about all the ups and downs between Nick and Steph with mild interest at best times. | IN THE END | I honestly can't say why Forever with You didn't enchant me. Maybe I was in one of those moods?
